Address: Putnam, Illinois, United States

Price: 14700.00 USD

Description:

Feel free to email: orethaoffangmann@ukfreelancing.com . Never planned to sell this one. I bought a 70 RT SE Challenger. This is probably one of the most solid cars you'll find. Solid frame, floors (the car is not undercoated so nothing is hidden), trunk, engine compartment ect. Everything on this car works except the original radio, including the clock and buzzer. Runs and drives great. Six pack carbs professionally rebuilt and tuned. runs like you would expect a 440 six pack to run, blast to drive. The car was painted in the late 70s and still looks great 8 out of 10. original paint still under hood and jams. nice original interior. I bought the car a couple of years ago out of inside storage in Arkansas last...
