**Address: Saluda, North Carolina, United States**

**Price: 18000.00 USD**

**Description:**

For more pictures email at: [inellibbeccaria@bigboys.net](mailto:inellibbeccaria@bigboys.net) . For sale is a 1974 Porsche 911 Targa. This is a one owner car from Eastern NC where it was sold new and stayed there its entire life. I bought the car from its elderly owner and got its entire history. The paint is Irish Green (213-9-1) and is all original and has never been repainted or even touched up. The car has 66,000 original miles and he told me the engine has never been out of the car. The car was parked in his garage in 1994 after it developed a fuel leak and remained there until I bought the car in late 2014. This is a very honest car with nothing to hide. I have made no attempt to start the engine but it does turn over freely.
