Description:

Send me an email at: [sharleensbboge@ukboss.com](mailto:sharleensbboge@ukboss.com) . I am the owner of SMS, a Hummer Specialty repair shop in Miami FL; this is a custom 2000 H1 that I bought and built for myself and have put countless hours into repairing, updating and modernizing the entire truck inside and out. My loss is your gain for a Hummer that is ready to be enjoyed. The exterior is very simple and clean, the paint is in amazing shape very shinning with minimal chips. The customizations I put in this truck are classic and timeless. The oversized 2 tone wheels and tires compliment the Jet Black paint and make this Hummer really stand out. Truck Lite, LED Headlights helps lighten the road ahead, and with your blacked out LED Clarence lights...
