Price: 20700.00 USD

Please message me with questions at: carolackounthapanya@iamfat.net . For sale is a 1971 Cuda 340 4 speed tribute car. This car originally started life as a Gran Coupe but the original motor and trans were gone before I ever had it. This car has recently been completely redone. The paint is beautiful and there is not a speck of rust on the car. Fresh motor and 4 speed trans, as well as complete suspension rebuild, brakes, weatherstripping, nearly every component under the hood. Brand new carb, clutch, alternator, water pump etc. The engine, engine bay and trunk are as shiny as the rest of the car.
