Description:

1966 Toyota Land Cruiser FJ40. This vehicle graced the cover of 4WD Toyota Owner Magazine in May/June 2014. Inside that issue there is a 9-page feature with detailed photos, descriptions, and praise of the design and quality of the build. Two mint condition copies of the magazine are included in the sale The frame was fully boxed and common weak points were reinforced to withstand extreme off-road use. It was sandblasted to bare metal, then coated with POR15, an extremely tough and rust resistant coating. Coats of Rustoleum semi-gloss black were applied over the POR15 because POR15 will degrade when subjected to UV rays. During the body restoration I was particularly careful to maintain the classic cruiser look...
