Our client, located near Nashua, NH is seeking a Project Manager to oversee large capital projects from initial planning to deployment, ensuring the schedule, budget and scope are met. Responsible for leading all project related meetings both on site (domestic and international) and in the office; risk management, cost control, quality and customer satisfaction. Develop, maintain and monitor the master project schedule. Work with internal and external teams including engineering and operations. Monitor actual/planned costs, produce variance and summary reports. Must have a minimum of five years of project management experience, overseeing large projects in an engineering or construction industry. Strong leaders...
