Address: Newnan, Georgia, United States

Price: 31200.00 USD

**Description:** 

This is your chance to own a rare and collectable 2016 Shelby GT350 in Competition Orange! Only 3% of all GT350's were made in Competition Orange and they are not making them any more. This is the collectable color! I have all the items that comes with it including the car cover(unopened) and the collectable flat plane crank that comes serialized. This is chassis number 1610 and in perfect condition! I am taking a loss and hate to lose this car.
