Description:

For sale is my 2014 Durango R/T, I bought the truck new in 2014 and am the original owner. It has been meticulously maintained, with synthetic oil changes every 5k miles. It has every option except awd and rear center console. The wheels are Savini Black Di Forza 20" with brand new Yokohama tires. I have also installed the Corsa catback exhaust, Mopar cold air intake, Billet Technology Oil Catch can, Road Magnet Lowering Springs, Custom Two Tone Coco Floor Mats, and ceramic window tint. It has no door dings and is almost in immaculate condition minus normal wear and tear but it is definitely in excellent condition. Never smoked in or abused.
