Address: Athens, Tennessee, United States

Price: Check with seller

Description:

We have a vast selection of 0 mile long blocks, short blocks, transmissions, cylinder heads and cranks. We are a in-house machine shop with over 1500 items on the shelf. So if your looking for a motor from a 1.0 to 8.3 plus we stock some Diesel and can rebuild most any motor. Give us a call chances are we can fix you up Please have year model, Manufacture, motor size and or cast number for the head so we can make a determination so you get the right parts. We ship out the same day as the order is taken if at all possible. Jeff (we will try to match any realistic price) Best shipping rates around
