Contact: Matilde

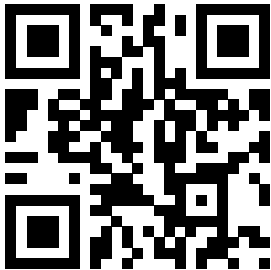

Phone:

Address: Pleasant Mount, Pennsylvania, United States

Price: 15000.00 USD

Description:

A very solid restoration project. Minor rust underside in front of spare wheel well, door jams, around rear window all as shown. Ran and drove when I bought 12 years ago. Sitting inside since then and does not run. Engine turns over freely. Lousy paint job over the original Pastel Blue. Paint applied way too thick causing many arears where it pulled away from the edges. Looks much better in pictures than in person. Couple of dings in drivers door and hood. Believed to be original engine and transmission but don't have COA. Targa top very nice but needs an aluminum repair in the frame of it. VIN 911113000 Engine #6117566 Transmission#7101015 911/07. Tear in drivers seat vinyl, after market side mirrors. Has lots...
