Address: Parlier, California, United States

Price: 15000.00 USD

Description:

1971 Land Cruiser fj40 custom built 4 door landcruiser. This classic fj40 is in good condition inside, out, and underneath. This is a one of a kind fj40 that is a great investment. This is an excellent example of a 1970's fj40 that runs and drives like a dream. This 1970s land cruisers is highly sought after due to upgrades like the Chevy 350 engine with the automatic turbo 700r transmission and sprung over. I have owned many land cruisers and this is a rare one of a kind. The photos speak for themselves.
