Description:

This absolutely stunning Porsche was built by one of the most knowledgeable and passionate enthusiasts around. The donor car was an accident free, rust free '81 SC Coupe. The entire car was stripped of every removable part. That includes wiring, glass, doors, fenders, gas tank, all suspension, transmission, engine and the complete interior. Please check out all the pictures carefully to examine the perfection of this incredible build! Notice that most of the bolts, nuts and washers have been yellow zinc plated to duplicate the ones used by the factory. The new door panels had the smooth vinyl removed so that the basketweave pattern would match the seats. Incredible attention to detail! The "hottest" segment of ...
