Description:

FOR SALE: 20 AI Bred Purebred Black Angus Heifers These are great looking heifers with a good disposition. We've calved out many sets of these heifers with no calving problems whatsoever. They will make a great set of mother cows for years to come. These girls are very docile and will follow a feed bucket or a truck anywhere on the farm. AI Bred to low birthweight bulls, should start calving in January. Call for more information or to come see these heifers Rivercrest Ranch - 479-841-8707 We also have many other purebred black angus heifers and bulls at our farms in Fayetteville, AR and Freistatt, MO.
