Description:

2005 Mustang Saleen S281SC. This is 1 of just 31 Mineral Grey Saleens every built on the S197 platform and 2005 was the last year that color was produced. It was originally supercharged with 400hp to the crank and backed with a manual transmission. I have owned the car for 10 years and at one time used it as my daily but here more recently have only driven maybe 300 miles in the past 3 years. It's time to let someone else own it that will be able to enjoy it! It has been heavily modified, well know, been on vendor websites and can be seen on youtube. It stickered at 59K new and came optioned with HID Headlights, Front Big Brake Upgrade with cross drilled rotors, supercharger, Saleen exterior package, interior p...
