Description:

This is an engineering work of art. The car has 77,800 miles on the chassis with huge upgrades. It has a custom intake and supercharger by RMS and stage 5+ in Los Angeles. It also has an upgraded wilwood performance brake system, custom wheels, racing clutch for 800HP (new), interior wood trim in piano black. Over \$80,000 worth of upgrades were made to this car. It sounds like a V12 Lamborghini and 69 Camaro at the same time. I am selling to finish my 850CSI project. Vehicle is sold AS IS, and WHERE IS, with no written or implied warranty. Internal Engine Upgrades include: Forged internals, Areas Pistons, Pauter Connecting rods sleeved block, Chrome rings, HD wrist pins.
