Description:

1975 Bronco that is still sporting the original paint and interior. This bronco has drivetrain upgrades in the last year and was on its way to full restoration but never got that far. This bronco has a super slick body and will be easy to make a 30k plus vehicle with little money. Like I said the rest has been done. Last year an aluminum headed 347 was added with over 400HP, with electronic ignition , 4 barrel carb , longtube headers , and big aluminum intake. Reworked original C4 automatic as well. 342 Gear ratio as well. The truck runs and drives and sounds outstanding . All this bronco needs is possibly one floor pan on the driver side , some original seat covers from Toms that are only \$250 for all 3 , ...
