Address: West Deptford, New Jersey, United States

Price: 7500.00 USD

Description:

1974 Lotus Europa Special with Big Valve Twin Cam engine and 4 speed transmission. The car is complete and working, but I haven't used it for about a year and it needs some refreshing and a lot of cosmetics. The battery is dead, but the car can be jump started. The odometer shows 95k miles, the engine is healthy, showed good oil pressure. It has a tubular header instead of the cast iron manifold, the original manifold is available. The preheating tubes were deleted. The chassis is in good condition, was covered with a thick coat of red oxide paint and still holding up nicely. Suspension bushes are ok, no play. Rear axle bearings and u-joints are good. Transmission shifts smoothly- compared to an Europa- the bus...
