Address: Saint Helens, Oregon, United States

Price: 7800.00 USD

**Description:** 

Up for sale is my custom built 1992 Dodge Cummins Crew cab. It started out as an extended cab long bed truck. In 2001 it was stripped down to the bare frame to begin the build to make it into a crew cab. The chassis was stretched and reinforced. The cab came from a 1980 forest service truck from California. It was sand blasted down to bare metal to make sure there was no rust anywhere. The cab and rear doors are from the 1980 truck. Everything else is 1992. It is titled and vin'd as a 1992. All the 92 interior was installed, along with power seats from a Ford super duty. The center console is a locking unit from Tuffy. Everything is power, including the rear doors. During the build a power sunroof from a Merced...
