Description:

1968 Dodge Charger R/T XS29L8B***** 440 375 HP RARE Matching #'s Car. Big Block MOPAR. This is a absolutely rust free car. The original motor, tranny and rear end are all fresh with less than 500 miles on them before he passed. The front end components, suspension, fuel tank, stainless lines are all brand new. There is way to much good/new stuff on this car to list it all. The motor sounds crazy strong and throttle response is right there. It has a new 3000 RPM stall converter, fresh tranny and 4:56 gears in the back, so she rips. Now the good side to all these upgrades is that he saved all the original parts that have come off this car during this build and they are included in the sale. Original Ram horn exh...
