Price: 10100.00 USD

Description:

2013 Subaru BRZ Premium for sale with extended warranty: This car has been very well cared for. I bought it with only 585 miles on the odometer in October 2013 and have kept it garaged it's whole life and only drive it in good weather. It has been an excellent car to me and hopefully it will be to you as well. Very sporty, fun to drive. This car handles great! A true driver's car. It has had zero problems during it's time with me. The only services I've done to it are oil, tires, brakes, air filter and fluids. On top of that, the car comes with an extended warranty. The only reason I'm selling is so I can make room in my garage for a classic car. Come take a look!
