Description:

This is a 1966 Pontiac Lemans GTO, (not real gto by vin) This car was built for the movie Need for Speed, It was once gold but now its shiny black. (base coat clear coat) The car has a Ls3 engine (going by numbers off the head) with a tremic 5 speed. It has power steering, power 4 wheel disc breaks +2 more disc breaks on the rear. The front end has been changed to tubular A frames, nylon bushings. The rear end is a currie 9 inch ford rear end. 3 or 4 inch exhaust system, All gauges in dash work. Drives down the road good. I did not build this car. This car has no warranty. 1. Paint is not a show paint job, it is base coat clear coat, has been wet sanded and buff.. Has a great shine, very smooth, very straight d...
