Address: David Esau, 1263 Pioneer Way Suite B, El Cajon, CA, El Cajon, California, United States

Price: Check with seller

Description:

Complete Restaurant Data & Analytics software for Restaurants Description - Davidesau started services with a planning to help restaurateurs optimize their sales and services. We provide services like POS, accounting, inventory, and other business systems and ties them up together to make the planning and execution easier. We offer a real-time dashboard for single or multi-unit restaurants, which includes data about sales and labor performance. It is also easier to have a real-time performance comparison across the multiple units. Managers can now use the feature “shift Prep” to predict what will happen in the evening's dining services. in order to provide exceptional service : visit us : <http://w...>
