Description:

It's pretty normal in our society to go to superstores or malls for all of our material needs. The upside of this tactic is convenience; the downside is you purchase the same, cookie-cutter product as everyone else. What the stores offer will get the job done, but what happened to the days when products were custom made and tailored for you?We are working to bring that era back. We are Jersey Garden Harwood Flooring – one of the best New Jersey of custom wide plank flooring and other unique reclaimed building materials. Over the last 10 years, we've milled thousands of square feet of wide plank flooring for hundreds of satisfied customers. Our products will turn your project into a one-of-a-kind masterpiece tha...
