Price: 15900.00 USD

Description:

I bought this car when I lived in Virginia where I could drive it year round. However, I've since relocated to Michigan, so I'm storing it for the winter. It seems like a waste to leave this beauty garaged for several months, so I'm letting her go at a reasonable price. It has less than 10k miles on it and I babied her every step of the way. I had it custom made and shipped from Germany. It has all of the bells and whistles. Feel free to let me know if you have any questions. Thanks.
