Address: Tow, Texas, United States

Price: 12000.00 USD

Description:

This listing is for my award winning 2013 Scion Frs. Sadly, the time has come for me to part ways with it because we will soon be adding a new member to our family and need a bigger vehicle. Without a doubt, this is one of the all-around best cars I've ever owned! This vehicle is immaculate, with over \$26,000 in aftermarket parts alone (current retail values) and comes equipped with an authentic GReddy x Rocket Bunny V1 Widebody and Vortech V3 supercharger that puts the power up to 300hp! (full aftermarket spec list will follow shortly) This car is the biggest head turner I've ever had the pleasure to drive and in fact, it just won best scion at the Import Face Off drag/Show series in Dallas Texas. Clear Title!...
