Description:

Whether you are struggling with back pain, neck ache, shoulder injury or foot and ankle pain, you can easily recover from your problem, if you take advantages of a physical therapy technique called dry needling. It's one of the most common methods used by the physical therapist to reduce pain, swelling and to speed up the body's natural healing mechanism. Physical therapists at Virginia Center for Spine & Sports Therapy also use dry needling to alleviate the pain caused by injuries and illnesses. So, if you live in Midlothian, VA you can easily approach this clinic to heal your pain and to boost your function. For more information, please visit Vcsst.com or call on (804) 249-8277.
