Phone: 1-831-392-8123

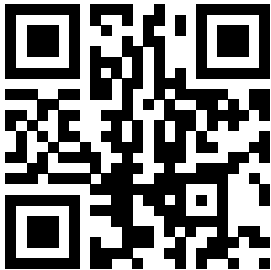

Address: Seaside, California, United States

Price: Check with seller

Description:

Ever wondered how children starts to speak words after 1 or 2 years of their birth and not early? That's because as caregivers we've underestimated their learning capabilities. Early infant development programs are being highly in talks and a serious matter of research because it's time that we foster children so that they have what they need to bring world to balance in their adulthood.
